Positioning: Diversified Fund of Funds with exposure to equity and non-equity correlated asset classes via suitable funds.

Approach: The Fund targets to allocate up to 60% in equities and up to 60% into non-equities*.

Style: Diversification across non-correlated asset classes to generate steady long-term returns, with the aim of paying out dividends on a regular basis.

* Allocations may exceed the mentioned limits from time to time. Please read the Information Memorandum for further details.

Fund Details

Sundaram Multi Asset Fund is a diversified Fund of Funds with exposure to equity and non-equity correlated asset classes with the objective of delivering steady, positive annual returns over the medium and long term. The equity exposure will be diversified across listed Global equities. The non-equity exposure will be in the form of life settlements fund(s) with the goal of achieving steady, positive non equity correlated long-term capital growth. The Fund aims to pay out dividends on a regular basis.

Fund Investments:

BlackOak Investors LP is a Life Settlement Fund managed by SL Investment Management with a vintage of over 7 years. SL Investments was established in 1990 and is authorized and regulated by the UK Financial Conduct Authority as an Alternative Investment Fund Manager. BlackOak Investors LP purchases policies from individual policy holders and takes on the future premium commitments in exchange for receiving the death benefit proceeds upon the death of the policy insured.

Sundaram Global Brand Fund is a high-quality concentrated portfolio of listed equities of approximately 30 leading global brands that are most often established leaders in their spheres of business. These brands are well diversified across categories and have the ability to sustain pricing power across economic cycles and generate durable cash flows.

New asset classes are in the process of being added to the Fund's investment scope. Kindly refer to this link for more details:
